A CLEAR OBJECTIVE

The international Bachelor program prepares students in 3 years to become **operational managers** through hands-on teaching that combines group projects and business cases. A concrete teaching method for **optimal employability**.

A PERSONALIZED PATH

The international Bachelor Program allows every student to create their own customized career path, according to their skills, their ambitions and their professional projects.

- In the 1st year of study, students have 3 academic track options to choose from : **Sport Management and Events, Circular Economy and Sustainable Development, and International Relations and Geopolitics.**
- **Courses taught in 2 languages** and a **track 100% in English** possible from the 1st year.
- **5 specialized majors and 2 apprenticeship tracks** to choose from in the 3rd year.

MONTESSORI, AN INNOVATIVE PEDAGOGY

The primary objective of Montessori pedagogy is to develop motivation, curiosity, creativity, self-control, self-confidence and autonomy.

A RICH STUDENT ASSOCIATION EXPERIENCE

ESCE also allows access to a diversified student life of activities with approximately 30 cultural, humanitarian, professional and sports associations.

AN INTERNATIONAL IMMERSION

The Bachelor program at ESCE offers 4 international campuses : London, Barcelona, Munich, and San Francisco
